In the Iowa State University Student Government Senate
Introduced on February 3rd, 2021
Senator Anderson (for herself, Senator Riensche, and Sustainability Director Seth) introduced the following bill.

AN ACT

TITLE: Funding Solar-Powered Recycling Compactors

WHEREAS: Sustainability Committee, in coordination with the Student Body President and Vice President and Facilities Planning and Management, has identified a lack of solar-powered recycling compactors on campus;

WHEREAS: Facilities Planning and Management has identified areas of high waste production on campus that would benefit from the installation of solar-powered recycling bins;

WHEREAS: One solar powered recycling bin costs 6,000 dollars, and

WHEREAS: Six recycling compactors would be installed near these locations identified as most beneficial by Facilities Planning and Management:

1. East side of the Student Innovation Center, near Durham and Marston
2. Pearson/Student service plaza (south east section)
3. Transit Hub
4. West Side of Lake Laverne
5. Lied Recreation Athletic Center
6. Beyer Hall

ENACTED: That, $36,000 be transferred from the Special Projects account to Facilities Planning and Management, pursuant to the following budgets.
