

This meeting was called to order by Quinn Margrett at 6:10 PM.

- Roll Call
- Pledge of Allegiance
- Open Forum:
 - I am here to talk about the upcoming changes Iowa State administration has made for The Center, a place open to all students that hosts events such as social events, craft night, and other ways to destress. In order to be compliant with the Senate file passed by the Iowa Legislature, this had led to massive restructuring and rebranding as a study spot, and the ability to host events has been stripped. As a member of the queer community and a student, I would like to see this reversed immediately.
 - In the Pre-Law track here, there are two clubs that are helpful for this path, Pre-Law Club, Mock Trial, and Student Reformation. We are proposing that they open a law library, which would include a law librarian who could help us direct us to resources involving civil cases. Our lawyers here cannot help with divorce cases with children involved or felony charges. I think this could help set us apart from other schools in the state. My email is sondra@iastate.edu and I would love to hear from you and what ideas you may have.

 - We are serving a critical need, neurodivergent is an umbrella term. 1 in 36 children are on the spectrum and it is important to support these students. There are many ways other colleges support neurodivergent students, and we should stay competitive in bringing in new students. The transition and other issues that these students face are a major issue. We work on advocacy, career support, and academic achievement.
